2. PROJECTS AND STUDIES IN PROCESS

a. Delineation of Functions Pertaining to Motor Vehicles
(Continued Item)

no change in past 3 weeks.

25X1A

In view of the priority placed upon these regulations, the DD/A and the DD/P agreed that informal collaboration should be dispensed with. These regulations were forwarded to the Regulations Control Staff for formal coordination on 28 October 1954.

e. Requests for Vehicle Actions (New Item - Completed)

Six requests for covert vehicle actions were processed during

this reporting period.

25X1A

25X1A

- f. Proposed Headquarters Regulation [REDACTED]
[REDACTED] (New Item - Completed)

25X1A

An extensive revision of Headquarters Regulation [REDACTED], was necessary inasmuch as the current regulation had been prepared by the General Services Office and published at the time the transfer of motor vehicle functions was made from that Office to the Logistics Office. In revising this regulation, Agency Notices [REDACTED] were incorporated. The new proposed draft was forwarded to the Chief of Logistics 3 November 1954.

25X1A

25X1A

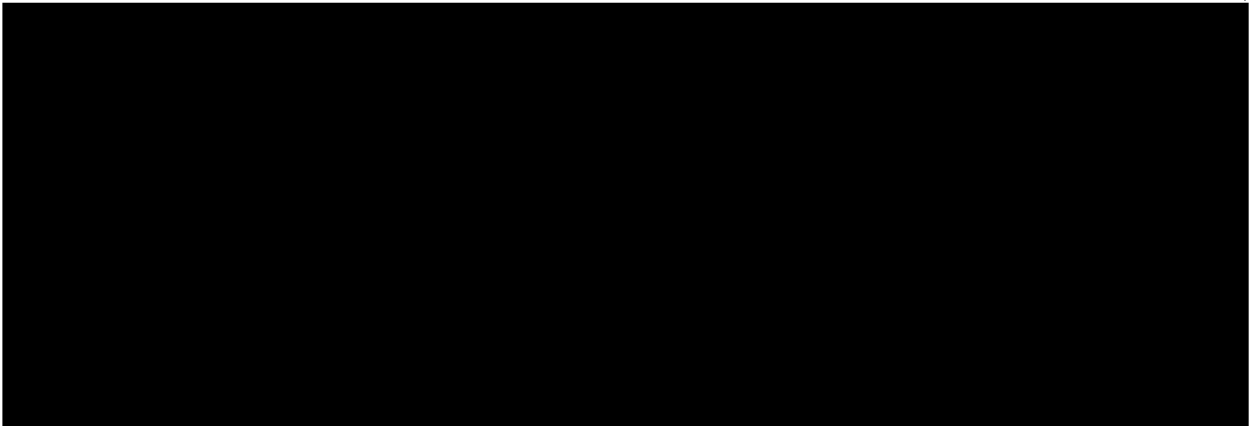

- g. Study of the Feasibility of Commercial Operation of the Agency Shuttle Bus Service (Completed)

Since the Security Office has indicated that commercial operation of the Agency shuttle bus service is not considered feasible at this time from a security standpoint, no further action on this study will be taken at this time. ✓

3. OTHER ITEMS OF INTEREST

- a. Air Shipments (New Item - Completed)

25X1C4a

- 25X1A6a c. Processing of Vehicles for Overseas Shipment (New Item - Completed)

Three vehicles were processed for overseas shipment and driven to the [REDACTED] Warehouse by Transportation Division personnel.

- d. Installation of Radio Antenna (New Item - Completed)

The installation of a new 50-foot radio antenna on top of North Building for use by the Q Building Motor Pool's two-way radio
